## **FRIENDLY FAIR LOOP DIRECTIONS:**

Mileage starts from the street at the entrance to the Rodeo Grounds, next to the overflow parking, across from the Trailhead Parking Lot. The Loop is run counter-clockwise, which flows best. Mileage is approximate; my smart phone tends to run a bit short.

- 0.00 Go through the fence opening and turn right, follow Friendly Fair trail along the side of the Rodeo Grounds.
- 0.44 At the "Y" continue straight for a slightly longer loop. Shortly after this turn right and make your way up the hill to the Rodeo Grounds. At the top, continue straight across the flat lot.
- 0.57 As you reach the end of the flat lot, turn to the left, a slight uphill grade leads you back to where the trail continues (toward Hwy 95).
- 1.18 The trail circles to your right.
- 1.92 You've reached the picnic table, as you begin to descend off of this hill, enjoy the slaloms!
- 2.58 Bear right.
- 2.89 You'll be riding along the side of the Dog Park.
- 3.56 End of the Trail, hope you enjoyed your ride!
